## IMPORTANT NOTICE

The order of the Standard Catalogue of U. S. Coins and Tokens and the Standard Paper Money Catalogue has been followed in this catalogue. So that collectors may have a quick guide to value we have placed after each lot the 1942 catalogue valuation with such revisions as appear in the 1943 supplement. This valuation is by no means a limit or reserve. Where a definite valuation has not been given in the catalogue for condition quoted it has been averaged. United States proof coins are in great demand and most dealers offer 75% to 90% of catalogue for them. Therefore bids of less than 80% of catalogue will not be entered.

## CONDITIONS OF SALE

2. All bids to be by mail. The highest bidder to be the buyer. All bidders must have an established credit with the Cataloguers or send a deposit equal to 25% of their bids.

4. Accounts are payable when bills are rendered and must be paid promptly.
5. The authenticity of the coins is guaranteed by the Cataloguers but all claims must be made within thirty days.
6. We charge no commission for purchasing at our sales.
7. Estimates of any lots will be furnished by the Cataloguers upon request.
8. A printed List of PRICES REALIZED will be sent free to subscribers to The Coin Collector's Journal, or to others upon receipt of 50 cents.
9. As we have many requests for estimates on foreign and ancient coins, to save time we have placed the approximate value after each lot.

# HAVE YOU A COLLECTION TO SELL?

This company has been actively engaged as coin dealers in New York since 1912 and has always held one of the most important stocks in the country. Due to constant recent sales our stock along certain lines is badly depleted and we are particularly anxious to buy average collections of United States coins worth from \$2,000 to \$10,000. Such collections contain the coins most in demand today. If you have such a collection and wish to dispose of it please write us particulars. If you have a price on your collection so much the better, if not we will gladly make you a liberal offer after examination. The present market offers a splendid chance to realize full value for your holdings. We offer immediate cash payment and suggest the following business-like procedures—

- 1 Write and tell us the scope of your collection and about what you hope to get for it.
- 2 If we are interested will ask you to send the collection for examination or offer.
- 3 We will report to you within 48 hours after receipt.
- 4 Payment will be made on the day our offer is accepted or we agree to your price.

We are also interested in the purchase of certain foreign or ancient coins if along the lines of our regular stock.

## WARTIME EDITION

This miniature catalogue is our solution to the wartime transportation delays which affect second class mail and which have resulted in catalogues being delivered after the closing date of the sale. By reducing the size of the catalogue we are able to send it by first class mail and assure you of prompt delivery. You may possibly find the new size a convenience, as well.

It is interesting to note that a new postal law in England prohibits the distribution of free catalogues to collectors. The burden placed upon railways and postoffices by war may eventually be lightened by similar laws in the United States.
